Current obstacles

There are no obstacles

Current Trello workspace

CS352: Sprint 1 – OtripleY, onlineStorePlatform

Daily scrum meeting template

The screenshot shows a Trello board titled 'online market'. The board is organized into five columns: Requirements, sprint 2, To Do, Doing, and Done. The 'Requirements' column contains two cards: '5- Develop a web service to let the user able to add a new store to the online market...' and '6- Develop a web service to let the administrator able to add new products to the system...'. The 'sprint 2' column contains three cards: '1. Develop a web service to let the user able to login into the online market...', '2. Develop a proxy security middleware for authorization and authentication.', and '3. (Change Request) Refactor listing current registered user functionalities...'. The 'To Do' column contains two cards: 'Check the SDS document with the project description' and 'Check the Sprint document with the project description'. The 'Doing' column contains three cards: 'Meeting minutes for the sprint starting meeting', 'Meeting minutes for the sprint standup meetings', and 'Meeting minutes for the spring retrospective meeting.'. The 'Done' column contains four cards: 'update class diagram', '1. Develop a web service to let the user able to login into the online market...', '2. Develop a proxy security middleware for authorization and authentication.', and '3. (Change Request) Refactor listing all current registered user functionalities...'. The board also includes a search bar, a notification bar, and a footer with the text 'UML sprint2.zargo.uml'.
